

# Spike Razor Top fencing solution

**style : strength : quality : choice**

**protecting the future  
through innovation**

Spike Razor Top has been designed to Bulldog's specific requirements and provides a highly effective solution to the demands of increasing security levels.

- available in 800mm lengths - 3 required per 2400mm panel
- hot dip galvanised or powdercoated - H50mm x W110mm
- maximum visible deterrent and easy to install

economy

versatility

durability

Spike Razor Top can be added to any fence type providing it has a top rail.

With it's curved base it is suited to pipe & mesh fencing or other structures.

Spike Razor Top has an interesting yet aggressive look making it effective in keeping intruders at bay without a substantial visual impact on the environment.
